

WAVE SCREEN

Stunning new curved '**Wave**' Office Screen / Partition

The unique feature of this screen is the strong **magnets** on each screen which allow the screens to be joined

So easy to assemble them into unique patterns:

- Create a full circle
 - Half circle
 - 'S' pattern
 - Extended 'long 'wave
- Each screen measures approx **1603 H x 806 W x 400mm**. The 400mm is the 'depth' of the legs on the ground
 - Featuring a bronze tinted & ribbed translucent polycarbonate, Silver / Grey powder coated steel frame
 - Create a unique screen solution in seconds, each screen has 'super strong' magnets that join each panel together
 - No fiddly screws or connecting pieces, just 'click' together with the magnets
 - When viewed at an angle the light bronze polycarbonate enhances privacy, when viewed front on .. the screen offers diffused privacy
 - And if you ever need to store the Wave Screens it's easy, takes up minimal floor space.
 - ***Ideal for ...***
 - Real estate offices
 - Showrooms .. create a quiet customer discussion area
 - Libraries
 - Open plan offices .. for 'break out' zones
 - Hotels for private functions
 - Restaurants to create a quick 'VIP' area
 - Schools .. for quiet learning or 'Special Ed' areas
 - Trade shows and exhibitions ...
